

MILES FOR MAC

Running Down Neuroblastoma

Who's Mac?

Mac (MacAlister) was an energetic, rambunctious little boy from Red Hook, NY who, at 16 months of age, was diagnosed with neuroblastoma which, by then, had spread throughout his body. He underwent surgery, radiation, countless rounds of chemo and clinical trials but to no avail. He died on March 31, 2014 at only 2 years old. Mac is not alone; every 16 hours a child dies from neuroblastoma.
